Attachments: RE: P-20-0066 update needed

As mentioned in our huddle, flagging P-20-0066, P-18-0049, and P-18-0351 so it doesn't get overlapped by the new prioritization list. Each of these the submitters have been very active in checking on the status considering the remaining work with us is very limited (e.g., final QC by RAD needed or just final sign-off from [redacted] on a memo).

**P-20-0066** [redacted]: **Ex. 5 Deliberative Process (DP)** added to the risk assessment, but now only needed final QC to move forward [email chain attached]

**P-18-0049** [redacted]: Backlog case where submitter has been particular upset at delays, memo report done by the assessor over two months ago and has been on [redacted] desk waiting QA/QC

**P-18-0351** [redacted]: No additional QA/QC is necessary, memo just requires a final signature from a senior scientist. It had already been discussed among the health assessors and the brief memo was written up by [redacted] Ex. 6 Personal Privacy (PP). Submitter needs formal memo response before it is willing to move forward. **Ex. 5 Deliberative Process (DP)**

**Ex. 5 Deliberative Process (DP)** We have stayed consistent with the hazard calls which they have disputed, and will still be displeased by the memo.

Have these cleared Lynn/OECA review and only need RAD to finish up? And will this be a heavy lift for RAD?

I can elevate this to [redacted] and [redacted] but they'll want to know how close to the finish line these will be. Plus, for CO, we have a 15 clock that we need to account for, so all need to get out no later than mid-Sept.

I am swamped swimming with crocodiles. The good thing is that I am swimming with [redacted] and both of us will be bitten and we will be consoling ourselves.

We are not working on these cases now. [redacted] and I are working with [redacted] and [redacted] on the Sept. SNUR cases (a bunch of P18 cases) and the incoming cases due by Sept. 30. So, in terms of a timeline, we may be able to work on these case the week of Sept. 7.

I wanted to check in and see if you could provide me an update on two priority cases we're trying to get out of the backlog: **P-18-0049** and **P-18-0351**. The last NCMB heard from RAD on these, they were with you for QA/QC. For P-18-0049 specifically, NCMB had initially provided this case to RAD in September of 2019, and [redacted] had reached out in mid-July for an update but had not heard back.

Would you be able to provide us a timeline for when you expect these two cases to be cleared RAD review? I know you are absolutely swamped, but if there's any way to move these to the top of the queue I would really appreciate it. Thank you so much for your help!

Do you have any update about this memo? The submitter is asking me every week.

Thank you

I would like to check the status of a backlog case that was assigned to you and it has been a hair on fire for a while. The submitter has been asking and getting frustrated. The case is P-18-0049 and what we have been waiting for is the responses to the submitter letter sent to us last year.

Thank you
